United Hospital System

Meet Melinda

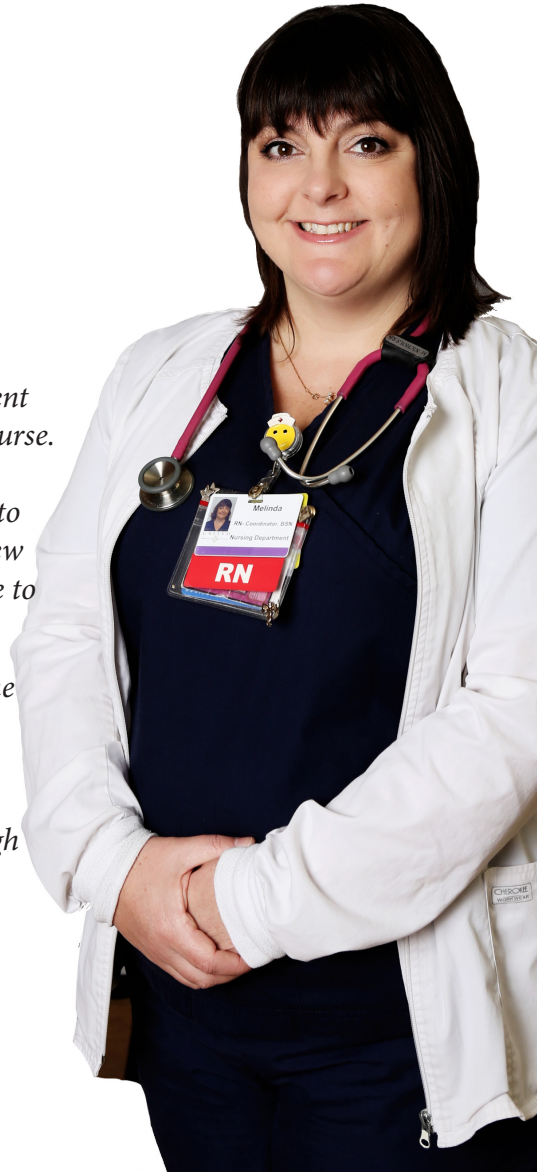

Melinda's mother and aunt both worked as Registered Nurses so growing up she always wanted to follow in their footsteps.

Melinda began her career at United as a Student Nurse Intern and progressed to a Registered Nurse. After working on a surgical nursing unit for a number of years, Melinda has been promoted to Coordinator of a Telemetry Unit mentoring new nurses as well as providing compassionate care to patients.

"When I was in nursing school, United gave me the opportunity to work as a Student Nurse Intern. This program allowed me to precept with a RN prior to graduate - the skills and confidence I gained prior to graduation through my internship set me up for success as I transitioned into my role as a RN."
